

Complete E-commerce Solutions Starting at \$4,075.00

With the WeaponX E-commerce Solution, the best of content management and ecommerce come together.

- Your products are displayed in an easily navigated online catalogue.
- You control the names of product categories; the number of categories is unlimited.
- Products with attributes such as "size" and "color" can be linked together and displayed on the same page, even though they have different SKUs.
- Pages can be sent to a friend via email or be sent to you as a request for more information. All requests can be assigned, tracked and followed up in the Email Request / Send to a Friend application.
- The Ad Manager module lets you advertise products from complimentary product categories.
- Secure Certification and an E-commerce Payment Gateway can be added to this solution if you do not already have one in place.

The E-commerce Software Solution includes:

Design:

Xpress Design Solution: Pre-designed templates.

Price: \$550.00 plus the cost of templates

Time to delivery: 1 week

Custom Design Solution: Custom-designed templates.

Price: \$3,200.00

Time to delivery: 4-5 weeks

Applications:

WeaponX Administration System

All of your Secret Agent™ software solutions can be accessed through one centralized control panel. Expand your WeaponX solution to include our other software products.

Price: \$695.00

Installation: \$100.00

Content Management System

Change the images and text on all pages, add and remove pages from your site. With the CMS, updates can be fast and frequent without great expense.

Price: \$495.00

Installation: \$300.00 (includes up to 15 pages of text and image data entry)

Shopping Module

Create product categories, manage product descriptions and upload photos. The online catalog is easily navigated and can be customized to show as few, or as many, thumbnail photos as you want. The shopping cart has all the standard features, allowing the user to edit by removing items or changing the quantity. The purchase page can be secured and integrated with your payment portal.

Price: \$695.00

Installation: \$150.00

Ad Manager

You can advertise products that compliment each other. Draw traffic to a featured product page or announce a special discount. This application helps you stimulate buyers and focus their browsing to the items you want to sell. Advertising art and content are not included in this price, but can be added at the standard rates for graphics development.

Price: \$595.00

Installation: \$50.00

Send to a Friend / Email Request

Visitors can send an actual page of the website to a friend or fill out an information request form. Requests are sent to your agents and can be assigned, tracked and followed up from within the WeaponX admin system.

Price: \$295.00

Installation: \$100.00
